

MOBILE MOMENTS

HOW IT WORKS

1. OH NO, I HAVE GUESTS THAT CAN'T MAKE IT TO MY WEDDING...

Don't panic, just call Perfect Storm Moments

We have created a kit that will allow guests to attend your wedding virtually. Select from one of our preset themes, or we can build a custom experience to match your wedding design. Your virtual guests will get to join in the entire experience as though they were there in person!

2. SEND YOUR INVITES

Include "attending virtually" on your RSVP cards

Give your guests the option of "attending virtually" when they RSVP for your wedding. Be sure to find out how many virtual guests there will be, and get their email address so they will receive updates and be able to connect to all the wedding excitement.

3. SELECT YOUR ADD-ONS

Several great options to add in

Mobile Moments virtual wedding kits are designed for two guests, but you can always add kiddos or adults to each kit. Plus you can add on other fun items, such as wine, spirits, a champagne toast, wish lanterns, specialty gifts, and much more to add to the experience.

4. CONFIRM YOUR ORDER

All we need is 4 weeks

Once you have received RSVPs from your guests, let us know how many kits you need and where they are going. 4 weeks in advance of your wedding will ensure we have the time to fulfill your order and get them to all your virtual guests on time.

MOBILE MOMENTS

HOW IT WORKS

5. WE TAKE IT FROM THERE

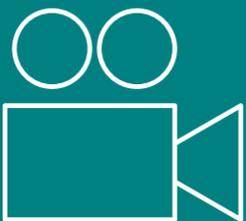

You focus on life, we make the magic happen

We assemble your Mobile Moments wedding kits with great care and attention to detail, then ship them off to your guests. Each kit will be filled with a variety of fun and unique items to coordinate with your wedding, and really bring the experience to them since they can't attend in person.

6. LIGHTS, CAMERA, ACTION

We create a custom video to assist your guests

Your guests will receive a custom how-to video made by Perfect Storm Moments with detailed instructions on how they can get the most out of the experience. We offer ideas and examples on how to use the decor, technology, and more.

7. SURPRISE!

The fun arrives

Mobile Moments kits start to arrive a few days before your wedding, and your guests can get acquainted with all the ways to join in the fun. They will find the timeline, props, and everything needed to feel like they are with you on your special day. We will check with each virtual guest to be sure they have received their kit and understand how it works, no matter their level of tech-savviness!

8. YOUR WEDDING DAY

The big day arrives!

While you are preparing for your walk down the aisle, your virtual guests will be decorating their homes, and the Perfect Storm Moments team will be setting up the space, the camera gear, and the technology to connect your virtual guests with you.

We coordinate both your live event and your virtual event and keep everything flowing smoothly.

MOBILE MOMENTS

HOW IT WORKS

9. THE CEREMONY

We gather together

Your virtual guests log in to the digital portal and get ready for the reason we are all here. They will get to see all of the big moments and hear everything crystal clear, so they don't miss a word. Your virtual guests will be muted for the ceremony, so that the focus remains on you.

10. COCKTAIL TIME

Time to get cooking

After the ceremony, while you soak in the wedded bliss, your virtual guests will be encouraged to mix up their included mocktails, enjoy some music, and cook up the ir dinner. Each guest will have a recipe card to help them enjoy the same meal served at the live event if they wish.

11. DINNER BELLS

Please join us for dinner

Your guests will be "seated" at virtual tables - the size and quantity of tables will depend on how many virtual guests you have. This will allow your guests to dine in a more intimate group and enjoy conversations with other virtual guests of your choosing. During dinner, you can pop in to each virtual "table", talk to each group, and have time to thank them for attending.

12. CAKE CUTTING & TOASTS

We all come back together

We don't want your virtual guests to miss the big moments, so we will transition everyone back into one group when it is time to toast and cut the cake. Want one of your virtual guests to make a toast? No problem! We will broadcast them on a large screen for all to see and hear. While you are cutting the cake, your virtual guests will be enjoying cake pops crafted by Hollywood Baked Goods.

MOBILE MOMENTS

HOW IT WORKS

13. TIME TO PARTY

The fun continues

Your virtual guests can dance right along with you while we broadcast your dance party. They can also capture their own fun along the way with a Virtual Booth by The SnapBar, and share to social media with your wedding hashtag.

14. WHEN THE PARTY IS OVER

It doesn't end there!

Once all is said and done, your guests will sign and decorate the guestbook mementos included in their kit, then mail them back in the envelope provided. You will also receive a link to access all the Virtual Booth photos your guests took during the wedding. And the best part of it all? We've recorded the whole virtual affair so the two of you can enjoy the experience from their perspective!

WHAT IS INCLUDED IN THE KIT?

- Custom instructional video
- Personalized letter from you to your guests
- Menu card & event timeline, plus everything needed to bring your wedding day to your virtual guests:
 - Coordinating place cards, votive candles, decorations, ribbon wands & guest favors
 - Props & backdrop with virtual photo booth access from The SnapBar
 - Guestbook memento with return envelope
 - Signature mocktail ingredients
 - Locally made cake pops

*****Lots of upgrade options available and custom ideas welcome!**
